About Me

I'm someone who loves bringing interfaces to life. With a focus on UI/UX and front-end development, I explore how design, motion, and 3D elements can create immersive user experiences. I enjoy experimenting, learning new technologies, and building projects that go beyond static screens into something interactive and meaningful.

Skills

- UI/UX Design
- Front-End Development
- Responsive Web Design
- Animation & Interaction Design
- 3D Integration (Web)

Tech: HTML, CSS, JavaScript, React, Node.js, java, python, C, C++, Git & GitHub, Figma, Blender

Education

- Kongu Engineering College, Perundurai
M.Sc. Software Systems (Integrated) 2023 - Present
- Kongu National Matric Hr Sec School, Nanjanapuram
Higher Secondary (Maths & Computer Science)
Percentage: 60.4% 2022-2023
- Adharsh Vidhyalaya Public School, Palladam
Higher Secondary 2020-2021

Projects

- Interactive Skill Management VR**
Created an immersive VR learning system designed for autistic children, enhancing focus and understanding through interactive simulations. Aimed at making learning more engaging and accessible.
- Snap2Bill**
Developed a mobile application that scans physical bills and converts them into digital records for easy storage and management
- HealthVerseApp**
Developed a mobile application connecting doctors and patients for appointment booking and real-time online chat communication.
- Invoice Extractor Accountant**
Developed an invoice extraction system to automatically capture and digitize key fields such as date, amount, and vendor details using data processing techniques.
- Labor To Contactor Conneting Platform**
Developed a platform connecting laborers and contractors, with an automated wage prediction system based on job type and market factors.
- Cow Breed Classification (SIH Project)**
Developed a mobile application for identifying cow breeds using image classification as part of the Smart India Hackathon project

Areas of Interest

- 3D Design
- 3D Web Experiences
- Creative Coding
- Interactive Design

Language

- Tamil – Native
- English – Fluent
